Background:

In 2007 the Legislature enacted Engrossed Second Substitute Senate Bill 5659 and established a framework for a family leave insurance program. The framework specified that benefit payments and reporting requirements be implemented beginning on certain dates.

Beginning on October 1, 2009, benefits of \$250 per week for up to five weeks are payable to individuals who are unable to perform their regular or customary work because they are on family leave.

Beginning on September 1, 2010, and annually thereafter, reports on program participation, premium rates, fund balances, and outreach efforts must be submitted to the Legislature.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Summary of Bill:

Implementation of the family leave insurance program is delayed for three years. Benefits are payable beginning October 1, 2012 (instead of October 1, 2009). Annual reports must be submitted to the Legislature beginning September 1, 2013 (instead of September 1, 2010).

Appropriation: None.

Fiscal Note: Available for substitute Senate bill.

Effective Date: The bill takes effect 90 days after adjournment of the session in which the bill is passed.
